MARCH

Spring Cleaning

CLEAN & ORGANIZE YOUR HOME

Spring is here and it's time to freshen up your home! With the warmer weather and longer days, now is the perfect time to tackle your spring cleaning checklist. Here are a few tips to help you get started with your March home maintenance

Declutter

Declutter: Go room by room and declutter your home. Get rid of anything you no longer need or use.

Deep Clean

Deep clean: Once you've decluttered, it's time to deep clean your home. This includes dusting, vacuuming, and wiping down surfaces. Clean carpets. Clean your windows: Open the windows to let in fresh air, then clean the windows inside & out.

Organize

Organize: After decluttering & cleaning, take the time to organize your space. This includes making sure everything has a designated spot and creating systems to keep things in order.

Bedding & Curtains

Wash bedding & curtains/blinds: Take the opportunity to wash your bedding and curtains. This will freshen up your bedroom and make you feel more comfortable

Appliance Care

Clean your appliances: Clean your refrigerator, oven, and dishwasher. This will not only freshen up your kitchen but also ensure that appliances are running efficiently

Outdoors

Tackle outdoor tasks: As weather permits, take care of outdoor tasks such as power washing your exterior, cleaning gutters, and trimming bushes.
